

## Comet Tracking Team Worksheet

А	В	С	D	E	F	G	Н
UTC	Diameter of Comet *	Distance to Moon	Speed	Estimated Time of Impact (ETI)	ETI Conversion	Distance Reached by Ejecta	Size of Crater
				Column C Divided by Column D	Column E Divided by 3600 Seconds per Hour	Graph 1	Graph 2
	Meters	Kilometers	Kilometers per Second	Seconds	Hours	km	Diameter in km

\*As the comet progresses toward Earth, telescopes from various locations around the globe will take readings. These readings might vary as a result.
